**Great Rivers Environmental Law Center Included in Best Law Firms 2015  
by U.S. News Media Group and Best Lawyers in America®**

For the third year in a row, Great Rivers Environmental Law Center was included in the U.S. News-Best Lawyers® “*Best Law Firms*,” receiving a Tier One ranking in the 2015 Edition. This ranking is based on an evaluation process that includes a review of client and lawyer evaluations, peer reviews from attorneys in their field, and additional information provided by law firms as part of the formal submission process. To be eligible for a ranking, a law firm must have at least one lawyer who is included in *Best Lawyers in America* as part of the annual peer review assessment. Great Rivers’ attorney Bruce Morrison has received that honor, making Great Rivers eligible to receive inclusion in the *Best Law Firms* rankings.

“Great Rivers is deeply gratified to receive this honor,” said Bruce Morrison, General Counsel of Great Rivers Environmental Law Center.

The fifth edition of these rankings features law firms given consistently impressive performance ratings by clients and peers. Achieving a high ranking is a special distinction that signals a unique combination of excellence and breadth of expertise.

*Great Rivers is a nonprofit public interest environmental law firm in St. Louis that provides free and reduced-fee legal services to those working to promote preservation of open space, clean energy, clean air and clean water.
